

MARS Phone Background Image

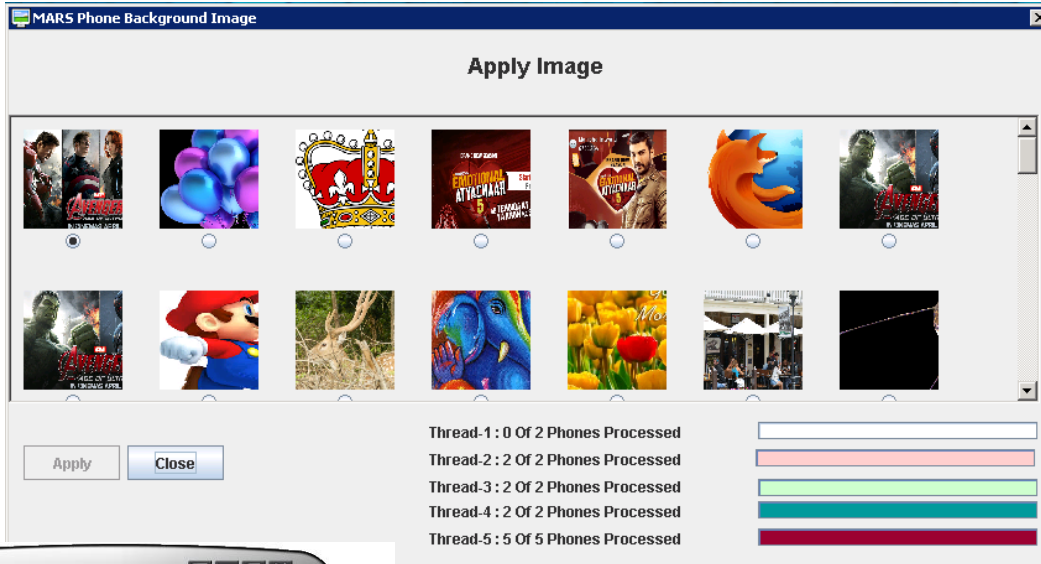

MARS Phone Background Image application is used to set the screen background image of Cisco IP Phone. Application administrator can set the image of multiple phones in a single action.

The screenshot shows the MARS Phone Background Image application window. At the top, there is a header with the PARSEC MARS APPLICATION SUITE logo. Below the header, there are search filters for Phone Model (set to All) and Search By (DirectoryNo, Contains). A table lists 16 phone configurations with columns for Image Info, Device Name, IP, and DN1-DN6. The table includes entries for Avengers and Hulk background images. Below the table, there are buttons for Apply Images, Export Data, Upload Images, and Fetch Data From CUCM. The total number of phones is 16.
